

Academy of Prosthodontics

Policy on Commercial Support

Financial support for Annual meetings or other Academy activities may be encouraged from commercial companies whose methods of operation and ethics are in accord with Academy principles. The Corporate Liaison Committee will serve the role of establishing and maintaining communications with sponsors.

Corporate support will only be received in the form of unrestricted educational grants. Corporate Sponsors will be provided an opportunity to exhibit at the annual session. Exhibits must be kept to a size that can be erected and removed daily. Corporate Sponsors will not have input into the operations of the Academy nor the Annual Scientific Program.
